Communities United embraces and promotes the empowerment, safety, and involvement of all groups. We ask that representatives from all communities, including but not limited to the API, Black, Latino, Native American, and LGBTQ+ communities, in each and every city in San Mateo County, join us in the fight against the desecration and dehumanization of marginalized groups. Through the strength of our unity, we hope to initiate real, actionable change that will lead to a more safe, just, and inclusive San Mateo County.
